

HEI: Quality Assurance Partnership

www.capability-360.com

The logo consists of four overlapping, curved shapes in purple, orange, green, and teal, arranged in a circular pattern.

Capability360

 Capability360

Why a Quality Assurance partnership with Capability 360?

1. QA is complex and time consuming, a partnership with Cap 360 will give your lecturers and assessors more time to focus on your core business.
2. No additional staff required.
3. No increase in workload.
4. No bias / conflict of interest.
5. Easily Scalable: if you are looking to expand your provision you will not need to expand your quality team.

We can offer our HEI partners Quality Assurance support in two areas:

1. Compliance with Ofsted and the ESFA (QA support from onboarding through to offboarding)

2. Compliance with IfATE and OfS when making assessment decisions (Integrated EPA support)

Audit

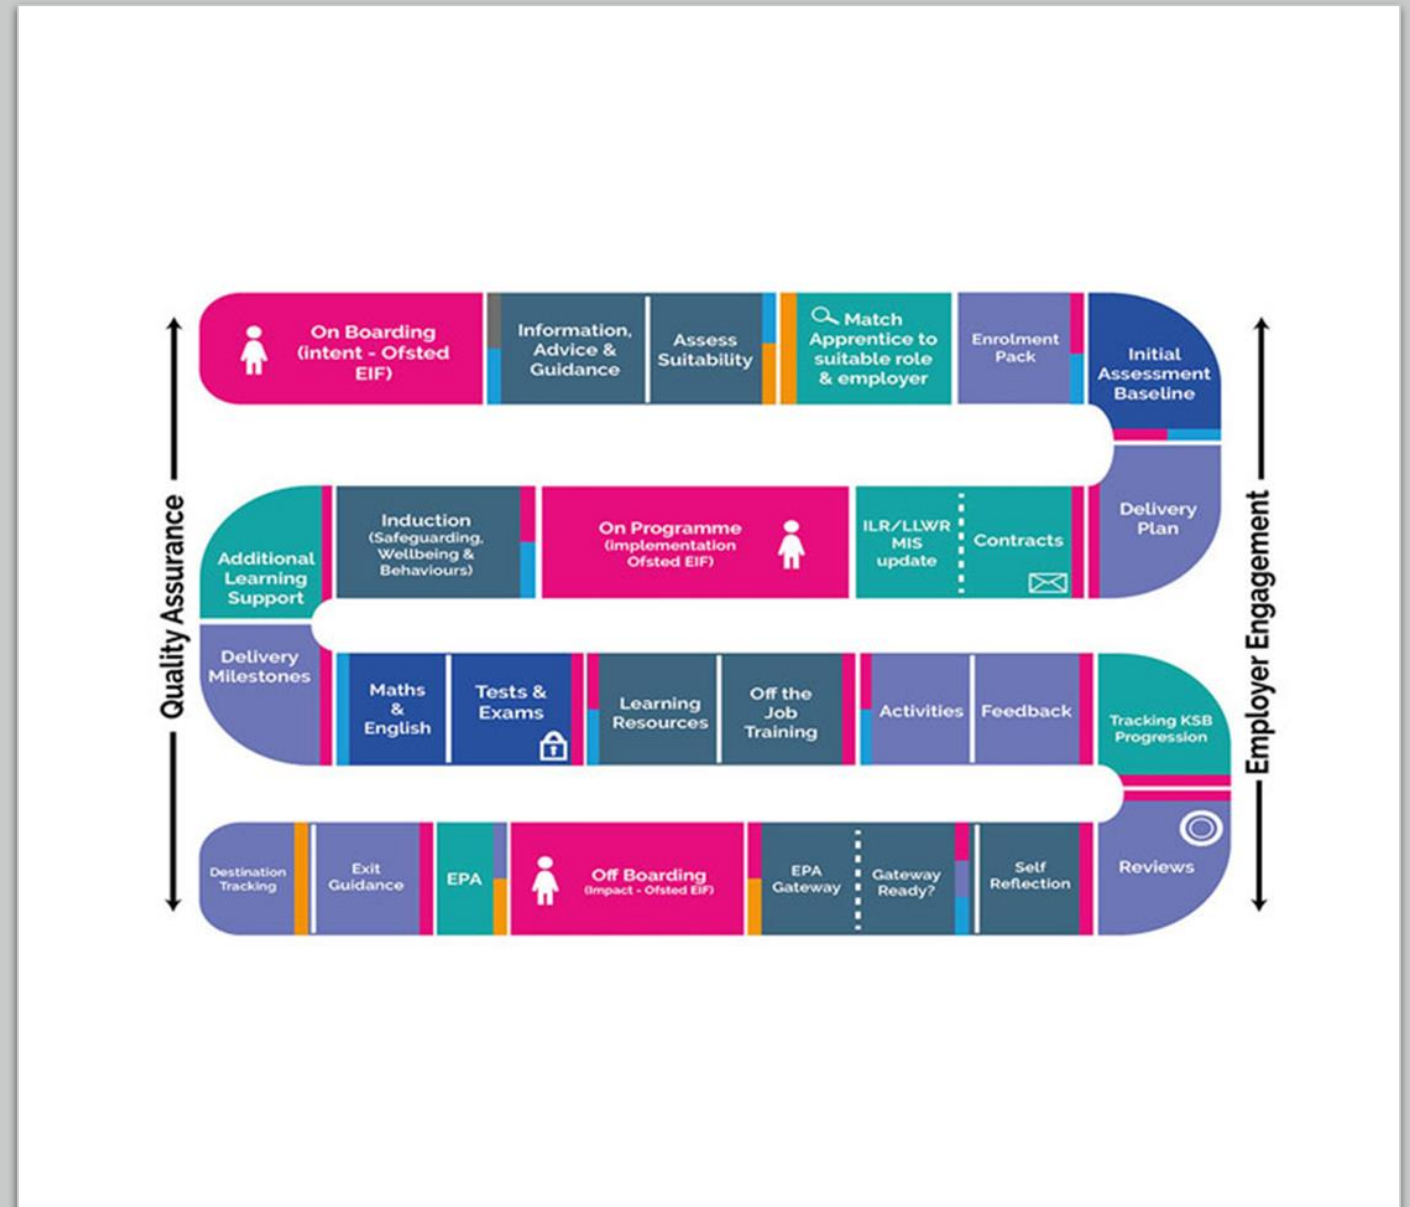

LEARNER JOURNEY

GAP ANALYSIS

Initial Compliance Audit

- Cap360 vocational education experts, along with your team and senior stakeholders, will review and assess the suitability of your learner journey against the Ofsted inspection framework.
- Cap360 will build a tailored improvement process that specifically targets your organisations **intent**, **implementation** and **impact**, strengthening Learner interactions and procedures.
- Depending upon the review outcomes both time taken and cost of the audit will vary.
- Expected 10-15 working days*

*£750 per day
