

Outsourcing apprenticeship management can save time for employers in various ways

Capability 360 have extensive networks and experience in identifying the best apprenticeship providers. We eliminate the time-consuming process of researching, contacting, and evaluating multiple providers.

Administrative Tasks:

Capability 360 will manage administrative tasks efficiently, freeing up internal resources for core business functions.

Communication and Coordination:

Outsourcing centralises communication and coordination, simplifying the process and saving time for you and the team.

Customised Solutions:

We will work closely with you to develop programs that align with your goals, reducing the time and guesswork involved.

Performance Tracking:

Monitoring progress of apprentices, tracking their performance, and assessing the effectiveness of the program, reporting directly back to you from a single source.

Quality Assurance:

Ensuring the quality of training and education provided through quarterly performance data and risk profiling.

Conflict Resolution:

Addressing issues or disputes with apprenticeship providers with established processes for conflict resolution saving significant time.

Onboarding and Transitions:

We manage transitioning of apprenticeship programs and onboarding new providers, minimising the time required for these transitions.

Our employers benefit from the experience, efficiency, and resources of a specialised management provider. This not only saves time but also ensures that apprenticeship programs are effectively managed, leading to better outcomes for both employers and apprentices.
